Banners encourage President Biden to let Israel achieve victory over Hamas. Unfortunately, Mr. Biden is making baseless excuses and delaying arms shipments to prevent Israel from destroying the terrorist group, which jeopardizes the security of Israel, America, and the rest of the world.

## Let Israel win: How Biden's effort to protect Hamas endangers Jews, the U.S. and Israel

Dear Friend of Israel, Friend of FLAME:

Let's be clear on three simple principles: First, Israel *can* defeat Hamas. Second, Israel *must* defeat Hamas. Third, unequivocal U.S. support for Israel's war effort makes the world safer and President Biden more electable in November.

Destroying Hamas means destroying the group's ability to govern the Gaza Strip and annihilating their military forces so they no longer pose a threat to the Jewish state and cannot repeat the atrocities of October 7<sup>th</sup>, as they have pledged they would.

Despite efforts by the Biden Administration to cast doubt on the realism and practicality of defeating Hamas, history shows that tyrants—even those bolstered by a strong ideology, from the Nazis to ISIS—can be permanently wiped from power.

Moreover, Israel has proven consistently during this war that it has the capability of eliminating Hamas's leadership, its guerilla army, its armaments and its underground hideouts.

Likewise, though the administration has employed all manner of pressure on Israel to desist from destroying Hamas, the Jewish state must finish the job. Not only is its long-term survival against Palestinian terror at stake, but so is its stature as the world's indomitable bastion against jihadi Islamism in the Middle East.

THIS MONTH'S AD APPEARED IN MEDIA REACHING 10 MILLION PEOPLE NATIONWIDE.

### Stop Terrorism on Campus

Attacks on Israel and Jews on scores of American universities have exploded into a jihadi-fueled, violent revolution against American freedoms and values

*While protesters violate school rules, state and federal laws—waving and destroying campus property, refusing access to Jewish students and physically attacking those who disagree with their terrorist ideology—provocative college administrators have failed to stop the insanity!*

**What are the facts?**

Anti-Semitic acts on U.S. college campuses have skyrocketed by 70% since Hamas' October 7 massacre in Israel—and they've become more violent. Jewish students have been harassed, harmed from entry, and physically attacked by pro-Hamas demonstrators, reminiscent of Nazi behavior in 1930s Germany. Schoolbuses while schools (often) have speech against Black, Muslim and LGBTQ+ students, they refuse to protect Jewish and pro-Israel students.

Massive campus administrations—and faculty—have become so emboldened, they no longer hide their work for the United States, waving down American flags and replacing them with those of the extremist "Palestine." They're erecting walls of free speech, routinely seize and destroy school property and deny risk-free free institutions even against the law!

**Anti-American and genocidal goals inspired by Islamist terror:** No wonder pro-Hamas protesters parade the flag of jihad (open, free, free) to "Death to America! Death to Israel!" No surprise, either, that campus protesters cheered such massive trouble and drove attacks on Israel recently. Their stated goal is to "globalize the intifada." Millions support the pro-Hamas mission to create an Islamist caliphate, as well as the terrorist group's slaughter of some 1,200 innocent Israeli, Jewish, the media (including "Free the Press" live) to the sea, Palestine will be free, a demand the U.S. House of Representatives recently decided to be unambiguous—a call for genocide of seven million Israeli Jews.

**A revolution of hate that opposes civil liberties and academic freedom:** This violent revolutionary movement is rooted in neo-Marxism, which divides the world into oppressor and oppressed. The ideology, which holds dominant American university culture, has inspired both critical race theory (CRT) and Diversity, Equity and Inclusion (DEI) policies. It divides people, organizations and nations into a struggle of good and evil according to their biasness on the oppressor-oppressed scale. Oppressors are defined to defeat "to any means necessary"—a slogan seen at many anti-Israel protests. Campus revolutionaries and their faculty members consider Jews, Israel and the U.S. to be "white" oppressors and therefore subject to violent "resistance"—such as breaking into and setting buildings, attacking Jewish students, and preventing " Zionist " students' access to their own campus.

College administrators have scandalously failed to do

**their jobs:** Their two foremost responsibilities are to protect students' safety and academic freedom. That means no violence, harassment or intimidation of Jewish or any students. It means honoring the search for truth and free expression—and forbidding "cancel culture." Finally, administrators must apply policies fairly. If they speak or call for genocide against any ethnic group on campus is not permitted, college administrators cannot allow administrators to call for Israeli destruction.

**Four ways Americans can shut down terror on campus:** 1) College administrators who fail to speak violence and hate speech—must fail to protect students' freedom—should be removed. Students who violate school policies on hate speech, harassment, flag desecration, or trespassing should be suspended or expelled. Faculty who call the same—other than those with knowledge—should be fired for cause.

**Their behavior is hateful, harmful and often unlawful**

2) Congress must increase penalties related to antisemitic and hateful behavior on campus, on schools and revocation of visas for foreign students who participate in antisemitic or unlawful activities.

3) Colleges should face dire legal consequences for failing to stamp out antisemitism. Already Columbia University faces a lawsuit that alleges "wreck-the-school" harassment of Jewish students, who have been punched, shored, spit on, blocked from attending classes and moving freely about campus. Dozens of other U.S. colleges face similar federal lawsuits.

4) **Donors** should withhold gifts from colleges that refuse to act against antisemitism. Many donors have already canceled their giving, including Robert South, CEO of the New England Patriots, who pulled his support from Columbia University due to unacknowledged law hatred.

The current behavior of "pro-Palestinian" activists at American colleges and universities is hateful, harmful and too often unlawful—on campuses. If your outrage is not by Jewish college students were directed against any other ethnic or "organizational" group on campus, it would not be a national law violation, it does, most months and years. Time to shut down the insanity.

FLAME is the only organization that defends Israel with paid editorial *hasbarah* messages placed in media nationwide every month: The dire threats from Iran, Hamas and Hizbollah, the injustice of BDS, Palestinian anti-Semitism and more. If you

Tragically, President Biden, though officially committed to the destruction of Hamas, has dramatically slowed down weapons shipments to the Jewish state, endangering Israeli troops and postponing victory against Hamas. He also provoked a bipartisan House of Representatives rebuke against his withholding of arms from Israel—a [bad look](#).

The administration has apparently decided that for the sake of Biden's re-election, winning the support of pro-Hamas voters and far-left, anti-Israel members of the Democratic caucus is more important than eliminating a [murderous terror group](#) that is a known proxy of Iran.

But Team Biden's strategy is bound to backfire. If they continue thwarting Israel, they will surely alienate the overwhelming majority of American voters who support Israel's fight against Hamas, while [emboldening](#) Iran's drive for Middle East hegemony.

**The administration has been [making excuses](#) for why Israel should stop trying to defeat Hamas.**

Responding primarily to pressure from his ultra-left wing, which supports Hamas's survival and Israel's defeat, Biden has cast doubt on Hamas's ability to be defeated and aspersions on Israel's ability to do the job.

Biden's Deputy Secretary of State, Kurt Campbell, for example, was quoted at the NATO Youth Summit in Miami saying, "I don't think we believe that that (total victory) is likely or possible." The administration has also argued that winning the war is not worth the [death and destruction](#).

In recent comments marking the Muslim holiday of Eid Al-Adha, Biden said, "Too many innocent people have been killed, including thousands of children." He did not clarify that creating civilian fatalities is part of [Hamas's strategic plan](#) or that Israel has achieved extraordinary success in minimizing civilian casualties.

The Biden Administration has also pushed the unverified claim that famine is underway in Gaza. Back in April, for example, Samantha Power, head of the United States Agency for International Development (USAID), [falsely claimed](#) famine was taking place in northern Gaza.

All these excuses are unsubstantiated. Hamas is defeatable. In fact, the Israel Defense Forces (IDF) have already destroyed most of Hamas's 24 battalions. The civilian-to-combatant death ratio is perhaps the lowest in the history of modern warfare, thanks to Israel's efforts *and* despite Hamas's use of human shields. Finally, just a few weeks ago the United Nations admitted there is [insufficient evidence](#) to declare a famine in Gaza.

**Team Biden is using all manner of [material pressure](#) to prevent Israel from defeating its terrorist**

**neighbor.** In addition to feeble arguments that Israel's fight is too costly, the Biden administration is also withholding U.S. weapons shipments.

The administration started by blocking delivery of 2,000-pound bombs used to explode Hamas tunnels, claiming the action was to protect citizens of Rafah, Hamas's last stronghold. Despite the fact that Rafah has been successfully evacuated and while the House of Representatives passed a bipartisan bill to [force the President](#) to release the weapons, that shipment is still on hold. Most recently, Biden and company decided to stall the sale of F-15 fighter aircraft to Israel.

Furthermore, Team Biden has been relentlessly pressuring Israel for a ceasefire—one that would leave Hamas intact and allow them to rebuild their military infrastructure, so they can continue threatening the Jewish state. Agreeing to such a ceasefire would mean [defeat for Israel](#), preventing it from achieving its goals of eliminating Hamas, freeing all the hostages, and ensuring that the terror group is no longer a danger.

**Biden's efforts to preserve Hamas and prevent Israel's victory are dangerous to Jews, Israel and the**

**entire world.** Restraining Israel gives a green light to antisemitism and Islamist terrorism worldwide. Protecting Hamas vindicates those holding placards with the genocidal slogan, "From the River to the Sea, Palestine will be free." It encourages organizers of unlawful, violent pro-Hamas demonstrations on college campuses throughout the U.S., and [inspires antisemites](#) around the world who use the Israel-Hamas war as an excuse to attack Jews.

The Biden Administration is also rewarding terrorists across the Middle East—not just Hamas, but also Hezbollah, the Houthis, and of course, the primary sponsor of all these terrorist groups, Iran. Indeed, Biden's attempts to stop Israel from destroying Hamas represent a free pass to Iran, the world's most powerful global sponsor of terror and soon-to-be the world's most dangerous [nuclear thug](#).

Please make the point when speaking with family, friends, colleagues—or in letters to the editor—that if Biden wants to make America appear strong in the face of its enemies, [thwart Iran's quest](#) for regional dominance . . . and shore up his favorability among the vast majority of American voters who support Israel, he will wisely provide the IDF all the tools they need to [destroy Hamas](#).

No more freezing weapons shipments, no more demands that the IDF fight with one hand behind its back, no more condemning Israel for civilian deaths caused by Hamas's use of human shields, and no more talk of a ceasefire that would hand victory to Hamas and Iran. Just [let Israel win](#).

Facts and Logic About the Middle East (FLAME)

P.S. The riots, vandalism and illegal trespassing on American college campuses have sharpened the knives of the Israel haters. It's become clear that the "pro-Palestinian" protesters are purely anti-Israel and support the genocide of Jews "between the river and the sea." Scandalously, we've also seen hard evidence that university administrators are willing to ignore or openly support the antisemitic hate speech and harassment of Jewish
